Presentation for FIELDS

AC3A

- AC3A – **Association of the Chambers of Agriculture of the Atlantic Area** – is an association which was set up in 1993. Its members are the Chambers of Agriculture from the Atlantic area.
- AC3A aims at providing the opportunity to the Chambers of Agriculture of the Atlantic Area to experiment and exchange on a European level about agricultural issues in order to ensure the sector remains dynamic, innovative and sustainable.
- **AC3A's projects** identify and/or develop solutions to support the Chambers in this process, through European cooperation. Also, AC3A shares savoir-faire developed within the Chambers with partners from other European countries.
- AC3A in numbers:
 - 4 French regions (Normandy, Brittany, Pays de la Loire, New Aquitaine)
 - 28 Chambers of agriculture
 - 14 projects
